C U P I D 0 EXPERIENCE

SOULSENSES

Our art can make a perfect setting for marriage proposals while our artisans fabricate the rings with a metal element provided by the fiancées, or just for a special encounter to charm your partner.

A NIGHT IN THE MUSEUM

Enjoy a meal in the workshop or in the art gallery with napkin rings your engraved initials and bottles carved specially for you, served by a professional sommelier who will pair your meal with the perfect wines. Be the only actor in the exhibition surrounded by tango, musical instruments, classical music played live or your favorite repertoire.

All of these experiences are personally tailored.
